Dear Commissioner,

I have received your letter of the 24th December, and thank you for news of the information received from INQ. It was my intention to write to you straight away but unfortunately I have been on the sick list.

I note that you have written to INQ, and thank you for taking up this matter on our behalf.

There are several points which I should like to mention as I think they help in understanding the action we have had to take so far.

After a preliminary inspection of the huts at the prisoner of war camp, we proceeded to get advice as to the condition of one wooden hut in which we were interested, when we were informed that we should be required to tender to the Ministry of Works for a block of huts comprising the one in which we were interested; another similar wooden hut; four Nashcrete huts of similar size; and several brick out-buildings. We had to decide within a day and a half whether we should tender, or whether we should allow the block to go with the rest of the camp for open tender. The question was, whether we should seize the opportunity of getting a headquarters of our own, or whether we should let it slip by. If the block had gone

to open tender we should not have been able to secure it, and I doubt whether comparable huts will be available for some time.

Our tender was accepted on the understanding that the site was cleared within a fortnight. Of course, it was impossible for us to do this, and we have managed to secure an ^{extension} extension.

Of the five contractors whom we asked to tender for demolition and removal of the huts, four would not quote, either because they were already too busy, or because they were unable to make a firm offer for the work. The fifth is a local builder who is interested in the Scouts. His original quotation was £495 but after we discussed the matter fully with him he agreed to undertake the work for a maximum figure of £400 on the understanding that he had assistance from older Scouts, Scouters and friends wherever possible.

The work to which we are actually committed is the minimum, bearing in mind our financial resources and at the same time the necessity of our having some meeting place as soon as possible. It represents demolition of the huts, removal to our site, new foundations, and re-erection of the shell of our headquarters. Further work, such as internal boarding and partitioning will depend on the money we have available. As I mentioned in the letter to IHQ, we have so far not provided for fencing; heating; lighting; water; drainage; w.c's; and furnishing, and it will be a very great help if an application for a grant for this work will receive favourable consideration.

I did mention before that we have been given to understand by the Education Authority that they will be prepared to assist with equipment only, and not with the structure. No official application has, of course, yet been made.

I realize that there are rules and regulations in the matter of grants, but I feel no doubt that if we had let the opportunity of purchasing these huts slip by, we should now have had no prospect of a headquarters, and that, when our use of the room at Totley Hall is stopped, we should have had nowhere for our two Packs and the junior and Senior Troops to meet.

We do not know how long it will be before we are turned out of Totley Hall, but our stay there has been very far from satisfactory for many months. Owing to the work which is being done in and about the Hall we have had no electric light for some time, and have had to rely on candles and oil lamps. The workmen have had to be given access to our den, and consequently our Group equipment (tents, etc.,) is exposed to the danger of theft.

It was anticipated that work on the Hall would be finished several months ago, but fortunately for us it is not yet complete. We have tried to find other accommodation but that is practically impossible, and a place of our own seems the only alternative to a wholesale upset and reduction in our activities.

I hope that IHQ will be able to give favourable consideration to our case, and I shall be pleased to hear further when they write to you.

Yours sincerely,

27th Jan'y 1950

Dear Commissioner,

As promised I enclose a copy of the letter written to you by IHQ. I find that I returned the original of this letter to you with my letter of the 5th January.

I gather that the reason Mr Codd wrote to IHQ is that he is anxious if possible to obtain assistance with the purchase and erection of the huts, rather than for the additional work which we have not yet undertaken. At the same time certain of this additional work will have to be going ahead before very long (for instance, it has already been necessary for us to arrange for water to be laid on the site) and he wishes to avoid the possibility of IHQ telling us that we have gone ahead again without permission.

The position is:

1. That we were forced to make the decision to tender for the Huts at a day-and-a-half's notice, or lose the possibility of getting a Headquarters in the foreseeable future.
2. The urgency with which we had to make arrangements for the removal of the Huts from their old site, and the equal urgency with which we must provide ourselves with a Headquarters, made us push ahead with the job at great speed.
3. Mr Codd, apparently, in his letter to IHQ accused me of delay in writing to them, but I must say that I am not aware that I have been responsible for any delay. At the same time I agree with you that any impression at

1932 July 15

IHQ that we are "squabbling amongst ourselves" does not help our case at all. As a matter of fact we are working together very well, and I think Mr Codd's letter is evidence of over-anxiety to see the job finished and paid for. There is no doubt that he is putting a very great deal of work into this project, and we are all most anxious and concerned to get a suitable place for the boys to meet with the minimum of delay. As an indication of the amount of energy we are putting into this job, I may say that we have now put in a total of 580 hours voluntary labouring on the demolition of the huts.

If there is any further information which you would like to have, I am sure Aubrey would be willing to contact me if you telephone him, and then I would be able to ring you up.

Yours sincerely,

Dear Sir

As you will no doubt have noticed
the hut as fixed is finished as far as is possible
and we are now waiting for help to erect wooden
hut.

If possible I could do with 6 strong
scouts to morrow (no kids) so that we can
make headway towards fixing shell of wooden
hut.

It strikes me that you have been lacking
my organisation but of course under the circumstances
(ill health) this could not be helped, anyhow with
your co-operation I am sure we shall make
a big show this week and weather permitting
I trust you will do your best.

Yours Faithfully
G.D. Reynolds.

Dear Birley

I have a line to-day from Bricknell of
I.H.Q. asking if I can let him have a report
as to how you are getting on with your new
HQ so that consideration may be given to
your application for a grant. Perhaps you
would send me a line telling me how
far you have got

With regard to the 1st class journey about
which you wrote to me on 1st inst. I am afraid
I have made no arrangement with regard to these
journeys after Handford left but if you will
make arrangements for setting the journey
& then send the Boy with the box to ~~the~~ afterwards

I will do what is necessary, the trouble is
I have no knowledge as to the standard of the
log which Rev. Sandford requires.

45L
It should be written in an interesting manner
& have some illustrations of buildings or
~~other~~ bridges or other objects of interest
encountered en route.

Yours sincerely

Dear Commissioner,

I have received your letter and note that IHQ are asking for a report on the progress made with our new Headquarters. Over the Easter weekend I shall be away looking for a summer camping site near Seaton, Devon, but I will let you have full details of the present position of our building as soon as I get back.

Concerning the First Class journey, I will make the arrangements as you suggest, and will send the boy to see you afterwards.

Yours sincerely,

Development charge has not yet been settled, but
strong possibility that there will be no charge
payable as SC have submitted an application
under Section 82 of the T & C PA 1947 which
if successful will mean no charge is payable.
In the meantime we have permission from CLB to carry
on with project pending settlement.
If Dev. Charge is ultimately payable we have been
assured that it will be somewhere in the region
of £30 - £40.

Dear Commissioner,

I enclose a fairly full report
of the progress made with our new headquarters, and
the work still to be done. I am sending the
report in duplicate so that you may be able to forward
a copy to IHQ.

REPORT ON NEW HEADQUARTERS BUILDING IN TOTLEY HALL LANE

1. THE HUTS PURCHASED The block of buildings purchased from the Ministry of Works comprised the following:

- 2 wooden huts (35' x 16')
- 2 Nasherete huts with wooden roofs (36' x 16')
- 2 Nasherete huts with wooden roofs which had been joined together by a connecting section to form a building approximately 36' x 40'
- 1 Terra-cotta block hut with asbestos roof (30' x 18½')
- and several brick out-buildings.

We were required to demolish the buildings and clear them from the site.

Our plan was to re-erect for our own use at Totley, the following:

- 1 wooden hut
- 1 Nasherete hut (24' x 16') from the best of the Nasherete blocks, and to divide this by internal brick walls into smaller rooms, kitchen, lavatory, etc.
- The two buildings to be connected by a brick passage-way.

We entered into a contract with a small local builder to undertake the demolition and re-erection, but it was part of the contract that we should provide as much voluntary help as possible.

2. DEMOLITION The buildings have now been demolished. This was achieved largely by voluntary labour.

Two huts and some surplus materials have been sold.

Materials required for re-erection were transported to our site at Totley. Some of the transport had to be paid for, but some was done on a voluntary basis. In addition to the wooden hut and Nasherete blocks; windows, doors and bricks were transported.

3. RE-ERECTION

- (a) At Totley, the brick foundations have been laid, and filled with hard-core. (Owing to the slope of the site the foundations are four feet high at the lower end.) Dressed bricks salvaged from the demolition have been used in this work.

- (b) Both the wooden hut and the Nasherete hut have been erected, and both have been roofed and felted.
- (c) The laying of concrete floors is almost complete.
- (d) The wooden hut has been completely creosoted.
- (e) Water has been laid to the boundary of the site.
- (f) Concrete fencing posts have been erected.

4. WORK STILL TO BE DONE

- ✓ (a) Completion of the concrete floors.
- ✓ (b) Building the connecting brick passage-way between the huts.
- ✓ (c) Erection of internal brick partitioning walls, doors, etc.
(For both (b) and (c) dressed bricks salvaged from the demolition will be used as far as possible.)
- (d) Painting of the Nasherete hut to match the wooden hut (this is required by the Lease).
- (e) Laying water supply from the boundary to the hut (approx. 20 yards).
- (f) Equipment in kitchen and lavatory, and connecting to main drain which runs across our site.
- (g) Laying on gas (approximately 20 yards).
- (h) Electric lighting.
- (i) Paths and layout of land (approximately 650^{sq.}/yards) with shrubs, etc. (this is required by the lease). Erection of gates.
- (j) Lining of huts internally with plaster-board.
- (k) Chairs and other internal equipment.

5. THE SITE

Development Charge The question as to whether Development Charge is payable has not yet been settled, but there is a strong possibility that there will be no charge as Sheffield Corporation

has submitted an application under Section 82 of the Town and Country Planning Act, 1947, which, if successful, will mean no charge is payable. In the meantime we have permission from the Central Land Board to carry on with the project pending a settlement. If Development Charge is ultimately payable we have been assured that it will be somewhere in the region of £30 to £40.

Lease We have entered into a Lease with Sheffield Corporation for ten years at a nominal rental of £1 per annum. The Group Scoutmaster and the Group Treasurer have been appointed trustees for the purpose of entering into this Lease. The Lease is dated 3rd March 1950.

6. FINANCE The Prisoner of War Camp at Redmires from which we purchased the huts involves a journey of approximately ten miles from Totley and, as has already been mentioned, the bulk of the work of demolition was done by voluntary labour. The hours of voluntary labour so far put into the project (demolition and re-erection) is 1260 hours.

Attached is a statement of the cost of the project to 31st March 1950. It will be seen that the cost is £311.2.11. A very approximate estimate of the further cost is £140 to cover the items mentioned in paragraph 4 above. This is based on the use of voluntary labour wherever possible.

We have been informed that the Local Education Committee will not help towards the cost of the structure, but possibly will help with the provision of equipment.

The huts were insured before demolition began, and we have arranged for the insurance to be continued for £400.

Within a matter of a few pounds we have now come to the end of the money which we had in hand.

7. Owing to the fact that the temporary headquarters which we have had in Totley Hall is now being used by workmen employed on the re-construction of the Hall for the Sheffield Corporation it is completely unsuitable for Scout purposes, and it is very necessary, therefore, that we make use of our new headquarters at the earliest possible moment. We hope that we shall be able to make limited use of it by the end of this month.

Dear Mr Swanwick,

I have received your letter of the 19th April and thank you for sending forward the report on our new Headquarters to IHQ with a strong recommendation that they render us financial assistance. Mr Bricknell has sent me a letter in which he says that in view of the unusual conditions which exist in our case the Headquarters Commissioner for Grants has indicated that he will be prepared to give consideration to an application for grant and/or loan aid.

He encloses forms to be completed, and I am dealing with these as quickly as possible.

I hope that in a few months time when we have got the work completed we may have the honour of a visit from you to see our new Headquarters. There is no doubt that it will be a very big day in the life of our Group when we have a real place of our own.

I was much impressed by the Scouts' Own today, and may I congratulate you on your appointment as Honorary Commissioner and as President of our Association. I should also like to take this opportunity of expressing thanks on behalf of the 1st Totley for the very great interest which I know you have always had in our Group, and for the help you have given Scouting in Totley.

With very good wishes,
Yours sincerely,

Dear Commissioner,

As I mentioned to you recently we are building our own Headquarters, and I enclose an application form which I have completed for a Grant or Loan. As you will see this has to be sent to IMQ via you and the County Commissioner.

For your information I enclose a copy of a report I made to IMQ in April, and also a copy for the CC's information.

I hope you will be able to recommend the application. If there is any further details you would like, I shall be pleased to let you have them.

Yours sincerely,

Dear Birley,

I have received from Mr. James the papers in connection with your application for a Grant towards the cost of your H.Q.

~~My~~ Before sending them on to I.H.Q. would you let me know if you have made application to the County Education Authority (Youth Service) for a Grant.

I see you refer, in your letter to Mr. Bricknell, to a previous letter you received from him dated April 21st. Did you get from him the general regulations covering these applications? If so you will notice that before applying to I.H.Q. you should have made application to the Education Authority, hence the reason for my query.

Will you let me hear from you on this point. I have just had to go through all the motions for a similar application for a new H.Q. in Ripley District.

Yours sincerely

A.P.Coote, Esq., J.P.,
Butterley Hall,

Derby.

Dear County Commissioner,

I thank you for your letter of the 18th May concerning our application for financial assistance in building our own Headquarters.

I have received from IHQ the instructions for applying for Grants/Loans, but we have not made any application to the County Education Authority (Youth Service). In this respect we are in a peculiar position at Totley. As you will probably know, Totley is now within the boundary of the City of Sheffield, and Education is therefore controlled by the Sheffield Education Committee. We have already approached the Committee and have been informed that they will only give assistance for the purchase of equipment. We have not yet received official intimation as to the extent of the grant they will make, if any, but I understand that it is likely to be small.

In order that you may appreciate the position I give below certain extracts from correspondence which has already taken place.

15th December 1949 Extract from my letter to IHQ sent via Mr Swanwick:

"Unofficial enquiries have been made of our Education Authority, and it appears that we shall probably be

- continued -

A.P.Coote, Esq.,
County Commissioner.

able to secure a small grant from them for furniture."

24th December 1949 Extract of letter from Mr Swanwick to me:

" I enclose a letter and enclosed regulations which I received this morning from Bricknell the HQ Commissioner for Grants, which I think you ought to see.

In replying I have explained the somewhat difficult position you are in with regard to applying for grants from the Sheffield Education Committee, but I notice that he says that 'it might be possible for IHQ to offer some assistance for the items not included in the estimates and for which no provision has yet been made'. "

4th April 1950 Extract of letter from Mr Swanwick to me:

" I have a line today from Bricknell of IHQ asking if I can let him have a report as to how you are getting on with your new HQs so that consideration may be given to your application for a grant."

(In reply to this I made out my report dated 15th April 1950, which was sent to IHQ via Mr Swanwick.)

15th April 1950 Extract of my report dated 15th April 1950, item 6:

" We have been informed that the Local Education Committee will not help towards the cost of the structure, but possibly will help with the provision of equipment."

19th April 1950 Extract of letter from Mr Swanwick to me:

" Thank you for your letter of 17th instant enclosing a very full report upon the position of your new HQs in duplicate, one copy of which I have sent to Mr Bricknell with a very strong recommendation that IHQ should render you financial assistance, and have suggested that as I am resigning my position as DC on Sunday he should in future write to you direct."

21st April 1950 Extract of letter from Mr Bricknell to me:

" Your District Commissioner has forwarded to us a report on the building of a new headquarters for the

A.P.Coote, Esq.,
County Commissioner.

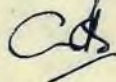

above Group and in view of the unusual conditions which exist in this case, the Headquarters Commissioner for Grants has indicated that he will be prepared to give consideration to an application for grant and/or loan aid.

In order that we may have full details of the scheme, will you please complete the enclosed application form and return it to me through your District and County Commissioners when, in conjunction with the report already in hand, we shall be able to give the matter our further attention."

I shall be interested to know whether you think, in the circumstances, that an application to the Derbyshire County Education Authority would be likely to receive any consideration. We could not I suppose in fairness expect to receive assistance from two Authorities.

If there is further information which you require I shall be pleased to supply it.

Yours sincerely,

Dear Birley,

Thank you for your letter of the 22nd. Instant giving me extracts of correspondence about your application for a Grant.

From what Mr. Bricknell says in his letter of April 21st. it looks as if they will be prepared to consider your application favourably although you have not applied to the Derbyshire Education Committee, but they recognise the peculiar position you are in and that you have already applied to the Sheffield Education Authority.

I have accordingly now sent on to I.H.Q. your application Form and other documents, after signing the Form on the dotted line!

I hope you are lucky.

Dear Mr. Coote,

GRANTS. 1st. Totley Group

As a result of further information submitted by the Group Scoutmaster of the above Group, I am very pleased to say that a grant of £70 has been agreed towards the cost of their new headquarters, subject to the completion and return of the enclosed Grant Acceptance Form and to the execution of the Boy Scouts Association Model Deed of Trust without alteration and its deposit her for safe custody. The second copy of the Grant Acceptance Form is for the purposes of local records.

In addition to this grant, we are also prepared to recommend to our Finance Committee the advance of a loan of £70 to enable the Group to complete the scheme. Will you please let me know as soon as possible if the Group wish to take advantage of this offer and, if so, perhaps you will ask them to complete the enclosed specimen copy of the Loan Form of Guarantee. It will be necessary for the Group to provide at least two satisfactory people to act as Guarantors. We shall also want to know in due course for how long the loan is required and what amount the Group will be able to repay in half-yearly instalments.

HEADQUARTERS FOR THE 1st TOTLEY SCOUT GROUP

I agree to the following conditions:-

1. To notify I.H.Q., if the total cost of the scheme of £ 451.0.0. is reduced in any way, in which case Imperial Headquarters reserve the right to reduce the grant proportionately.
2. To expend the money for this purpose by October 1950 and to furnish a full report and statement of accounts in the following form:-
 - (a) Outline of scheme aided, and refer to any voluntary labour employed.
 - (b) Finance. To show what money the Group has raised; by what means, and how long it has taken. To render an account of the scheme.
 - (c) Benefits. To state reason why grant has helped and what improvement in numbers and efficiency has resulted especially in respect of the retention of Senior Scouts.
3. To deposit all Deeds and legal Documents with Imperial Headquarters for safe custody.

I understand that 50% of the grant will be paid when the scheme has been put in hand and expenditure of at least the amount of the payment incurred, and the balance upon submission of satisfactory report and accounts mentioned in para. 2.

Dear Birley,

I have just received the enclosed from I.H.Q. I thought they were going to correspond direct with you in future but no matter. I am delighted to read the good news and am sure you will be also. I have retained a copy of the letter from Bricknell to me.

Will you now get on with the "red tape" of which there is quite a bit but it is important.

I was glad to see you at the Rally which I hope you all enjoyed as much as I did!

It is time I found my way to your H.Q. Now that petrol is flowing again I must try. Will you invite me some time? not before the end of June as I am going on holiday on 20th.

Dear Commissioner,

As you will remember from the report which I made to IHQ on our new Headquarters building, the Local Education Authority for this area (i.e. Sheffield Education Committee) had indicated to us that they would only consider an application for a grant for furniture and not for the structure. Accordingly, furniture was excluded from our application to IHQ. After much delay the Education Committee have told us that they are prepared to consider our application provided we produce evidence that the application is backed by our District Commissioner.

The application we have made is for the provision of sixty chairs for use in the new Headquarters, and I shall be pleased if you can supply me with a letter to say that our application has your support.

Dear Sir,

I enclose draft form of Trust Deed for use by Local Associations or Groups.

If it is desired to proceed with the matter, the following resolutions must be passed at a meeting of the Local Association or of its Executive Committee, or, in the case of a Group, of the Group Committee:-

- (1) That the property of the Local Association (Group) described in the Schedule to a draft Trust Deed produced to the meeting shall be vested in Trustees and be held by them upon the Trusts declared in the said draft.
- (2) That shall be the first Trustees and shall forthwith execute a Trust Deed in the terms of the said draft.

The draft Deed must then be completed by inserting the following particulars:-

- (1) Full Christian names, surnames, addresses, and occupations of the proposed Trustees.
- (2) The full registered title of the Local Association or Group.
- (3) The date and nature of the meeting at which the resolutions were passed.
- (4) The Schedule of the Trust Deed should be filled in, but the inventory of equipment need not be sent with the Deed.

The draft Deed must then be sent to our Solicitors - Messrs Longbourne, Stevens & Powell, 7, Lincoln's Inn Fields, London, W.C.2. If any building is included in the Schedule, there must be a statement as to whether it is moveable or immovable, and in the latter case, a copy of the conveyance or lease of the land must also be sent to our Solicitors.

Our Solicitors will then send a special copy of the Deed for signature by the Trustees and will, at the same time, return any documents which have been sent to them. After signature by the Trustees, the Deed must be returned to our Solicitors for stamping, together with the sum of £1., being 10/- for stamp duty on the Deed and 10/- to cover their charge in the matter.

Yours faithfully,

J. Francis Morgan

LEGAL SECRETARY.

CUSTODY OF DEEDS.

A number of requests have been received that I.H.Q. should undertake the custody of deeds relating to Scout property.

Arrangements have now been made to offer this service for the Movement, and deeds will be accepted for safe custody without charge, subject to the following conditions.

1. Deeds will only be accepted where there is a properly constituted trust of land, investments, or a hut. Deeds will not be accepted in cases in which Scout equipment is the only property.
2. The trust deed and the deeds of the title of the property subject to the trust only will be accepted. Policies of insurance and other documents relating to the management of the property must be kept locally, and a copy should also be kept of any schedule of property attached to a trust deed.
3. The deeds must be sent by registered post, and the package must be addressed to the Legal Secretary, The Boy Scouts Association, Imperial Headquarters, 25, Buckingham Palace Road, London, S.W.1. A letter signed by, and showing the position of, the person making the deposit must be enclosed: and this letter should state the number of documents sent.
4. Deeds so deposited will only be delivered up by I.H.Q. on a request signed by the person who deposited them, or on a request signed by all the Trustees.
5. I.H.Q. will take all reasonable precautions for the safety of deeds so deposited, but will not otherwise accept any responsibility.

GROUP PROPERTY.

(Memorandum circulated with P.O.R. October 1938.

Scouters in charge of Groups are reminded of the very great importance of ensuring that proper arrangements are made for the safety of the property of the Group and of providing for its continued use or proper disposal in the case of any alteration in the circumstances of the Group or of any change in the Scouters. In the case of a controlled Group, reference should be made in this connection to Rule 205, which has been considerably expanded and made clearer than in the 1938 P.O.R.

Where the Group possesses property of any appreciable value, trustees should be appointed, and the property should be made the subject of a properly constituted trust. There are two methods of doing this:-

1. Where the property is of some considerable value (land, stocks, shares, etc.) it may be desirable to appoint the Boy Scouts Association Trust Corporation as trustee. Full particulars of this method can be obtained on application to the Secretary.
2. In other cases local trustees should be appointed, and a model form of Trust Deed can be obtained from I.H.Q. with particulars of the method of completing it.

TRUSTEES.

In regard to local trustees, the following points may be mentioned:-

- (a) **NUMBERS.** It will generally be found most satisfactory to appoint three or four trustees. Too large a number may make it difficult to get business dealt with expeditiously, but on the other hand, too small a number may soon make it necessary to appoint a new trustee in the event of one of the original trustees desiring to be relieved or being no longer able to act.
- (b) **PERSONAL STANDING.** Provided the persons suggested as trustees are persons of good repute, their social position or their financial circumstances, so long as the latter are not precarious, are not matters of particular consequence.
- (c) **PERMANENCE.** They should obviously be persons who are likely to remain in the district and be available for some years. Accordingly, men whose employment might necessitate their removal at any moment would not be suitable, nor would a person of advanced age or one who was engaged in a risky occupation, financially or otherwise.
- (d) **INTEREST.** They should be closely in touch with the unit and its affairs, and should be able to keep the unit warned of its liabilities and to encourage and possibly assist it in the raising of the necessary funds. For this reason it seems generally desirable that the Trustees in the case of a Group should be members of the Group Committee.

The above conditions should not be too difficult to fulfil anywhere, and if it is suggested in any particular case that a unit may find it difficult to secure local trustees, this in itself may be an indication that the unit is possibly about to undertake an unjustifiable liability.
